Dear Sir/Madam,

Please find enclosed the photo booklet to accompany the Radio Caroline LP box set that you recently purchased. I have included a list of some new Caroline goodies that EAP are now selling. All these products conform to EAP's usual high standard. Also available is the LASER-558 video. This was originally shot for overseas TV but has since been part used by ITN and Channel Four. Now we can offer it for home use. The video runs for 23 minutes and shows life on the MV Communicator, the original DJ line up, the studios in use plus much more. For you copy send just 24.95 including post to our address above. Don't forget to state VHS or Betamax.

Finally, on a more personal note I would like to take this opportunity to thank all the people that have written to me about the Caroline box set. Thanks...it makes those long hours worthwhile.

I would be interested to hear from any of our customers at any time if there is any products you would like to see made about the subject of radio.

Yours sincerely,
East Anglian Productions
